Motion was made for approval of minutes from August 9 2019 meeting. Seconded and approved.

Members shared their thoughts on the applications.

P3: Experience with small libraries, at or under budget and on time, page 6 especially, addressed all the tasks of the OPM, tailored to Richmond, seem to fit for our town.

ACG: high cost library was used as an example, only one library, sloppy presentation made it seem like they were not really interested, had a lot of civil engineering background,

All members preferred P3.

Dick and Melissa did not give opinion

We will reference check which one we decide to go with.

A motion was made that the MBC recommend P3 for the OPM for the project. It was seconded and approved.

Next Meeting will be Tuesday September 17 at 5:30 at the library.

Meeting was adjourned at 5:53pm.
